The International Tribunal for the Law of the Sea is an international court dealing with maritime disputes. The Tribunal is open to States, international organizations and other entities. The Yearbook will give lawyers, scholars, students as well as the general public easy access to information about the jurisdiction, procedure and organization of the Tribunal and also about its composition and activities in 2000. The Yearbook was prepared by the Registry of the Tribunal. Birds love gourds for nesting and will often return to the same one year after year. When nesting season ends, the gourd's usefulness doesn't end. Birds will continue to use them as shelter from weather and for protection from predators.
