A Practical Treatise on the Settling of Evidence for Trials at Nisi Prius

This is a pre-1923 historical reproduction that was curated for quality. Quality assurance was conducted on each of these books in an attempt to remove books with imperfections introduced by the digitization process. Though we have made best efforts - the books may have occasional errors that do not impede the reading experience. We believe this work is culturally important and have elected to bring the book back into print as part of our continuing commitment to the preservation of printed works worldwide.

stencils or patterns are ever used. ½ Every birdhouse is treated with several coats of high quality exterior varnish
for protection from the elements and to ensure colors will stay bright throughout the seasons. Birds love gourds for
nesting and will often return to the same one year after year. ½ When nesting season ends, the gourd's usefulness
doesn't end. ½ Birds will continue to use them as shelter from weather and for protection from predators.
