

Introduction to Documentary Production

Introduction to Documentary Production is designed for students who are approaching documentary production for the first time. The book is written in an accessible style by media staff at the University of Portsmouth, UK, all of whom have backgrounds in media production or journalism. The book covers the making of documentaries from concept through production to post-production and includes close readings of documentary makers intent and target audiences.

No stencils or patterns are ever used. Every birdhouse is treated with several coats of high quality exterior varnish for protection from the elements and to ensure colors will stay bright throughout the seasons. Birds love gourds for nesting and will often return to the same one year after year. When nesting season ends, the gourd's usefulness doesn't end. Birds will continue to use them as shelter from weather and for protection from predators.
