

Mrs. Nixon: A Novelist Imagines a Life

Dazzlingly original, Ann Beattie's *Mrs. Nixon* is a riveting exploration of an elusive American icon and of the fiction writers art. Pat Nixon remains one of our most mysterious and intriguing public figures, the only modern First Lady who never wrote a memoir. Beattie, like many of her generation, dismissed Richard Nixon's wife: interchangeable with a Martian, she said. Decades later, she wonders what it must have been like to be married to such a spectacularly ambitious and catastrophically self-destructive man. Drawing on a wealth of sources from *Life* magazine to accounts by Nixon's daughter and his doctor to *The Haldeman Diaries* and Jonathan Schell's *The Time of Illusion*, Beattie reconstructs dozens of scenes in an attempt to see the world from Mrs. Nixon's point of view. Like Stephen King's *On Writing*, this fascinating and intimate account offers readers a rare glimpse into the imagination of a writer. Beattie, whose fiction *Vanity Fair* calls irony-laced reports from the front line of the baby boomers war with themselves, packs insight and humor into her examination of the First Couple with whom boomers came of age. *Mrs. Nixon* is a startlingly compelling and revelatory work.

No stencils or patterns are ever used. Every birdhouse is treated with several coats of high quality exterior varnish for protection from the elements and to ensure colors will stay bright throughout the seasons. Birds love gourds for nesting and will often return to the same one year after year. When nesting season ends, the gourd's usefulness doesn't end. Birds will continue to use them as shelter from weather and for protection from predators. If you don't see what you want, please contact me for a custom made gourd creation or inquire about other types of artwork...anything from pet portraits to painted milkcans! Enjoy your visit!
