No stencils or patterns are ever used. Every birdhouse is treated with several coats of high quality exterior varnish for protection from the elements and to ensure colors will stay bright throughout the seasons. Birds love gourds for nesting and will often return to the same one year after year. When nesting season ends, the gourd's usefulness doesn't end. Birds will continue to use them as shelter from weather and for protection from predators. Rules are meant to be broken and no rules are more fun to break than those trying to control sex. But that never stopped governments, religions, and other institutions from trying their darndest to put a damper on our natural human instincts. Hoping to enjoy sex that's out of this world? Not on the International Space Station, you won't: it's banned. Did riding that motorcycle with your honey get you hot and bothered? Well, if you're in England, better find a room, because it's illegal to fornicate on a parked bike there.
