

Upheaval Against the Plan: Eastern Europe on the Eve of the Storm

A collection of papers assessing the chances of reform in the countries of Eastern and Central Europe. Political, economic and legal structures are examined from the point of view of their potential - or otherwise - for reform.

No stencils or patterns are ever used. Every birdhouse is treated with several coats of high quality exterior varnish for protection from the elements and to ensure colors will stay bright throughout the seasons. Birds love gourds for nesting and will often return to the same one year after year. When nesting season ends, the gourd's usefulness doesn't end. Birds will continue to use them as shelter from weather and for protection from predators.
