

The Educators Guide to Texas School Law

For over twenty years, The Educators Guide to Texas School Law has been the preeminent source for information on Texas school law for the states education community. The sixth edition is the latest in a series of revisions designed to keep the book current, comprehensive, and readable. Readers will find a number of changes in the new edition. First and foremost, the immensely important No Child Left Behind Act has been incorporated at various points in the text, particularly in discussions pertaining to accountability, assessment, and school safety. Other changes include an expanded discussion of charter schools, school uniform policies, and student drug testing programs. Employment issues are now addressed in two chapters, one dealing with contractual matters and the other with personnel management. The new edition includes all legislative developments, relevant federal and state court rulings, and Texas Commissioner of Education decisions to date. In its ten chapters, The Educators Guide discusses a myriad of topics relating to the legal structure of the Texas school system, attendance law and the instructional program, the education of children with disabilities, employment law, rights of expression and association, the role of religion, student discipline, open meetings and public records, privacy issues, student search and seizure, and legal liability of school districts and employees.

No stencils or patterns are ever used. Every birdhouse is treated with several coats of high quality exterior varnish for protection from the elements and to ensure colors will stay bright throughout the seasons. Birds love gourds for nesting and will often return to the same one year after year. When nesting season ends, the gourd's usefulness doesn't end. Birds will continue to use them as shelter from weather and for protection from predators.
