

Devils Food [With Headphones] (Playaway Adult Fiction)

Corinna Chapman, baker extraordinaire and amateur sleuth, returns in another delicious mystery. Praise for the Corinna Chapman series: This new series has some of the hallmarks of author Kerry Greenwood's other long running series: the Phryne Fisher mysteries: mystery (of course), good food, gorgeous young men and a sassy central female character... a delicious offering. aussiereviews.com

Every birdhouse is treated with several coats of high quality exterior varnish for protection from the elements and to ensure colors will stay bright throughout the seasons. Birds love gourds for nesting and will often return to the same one year after year. When nesting season ends, the gourd's usefulness doesn't end. Birds will continue to use them as shelter from weather and for protection from predators.
