

# The Onion Files

Suppose al-Qaeda had a second, potentially more devastating attack planned in 2001. That's the premise behind THE ONION FILES, a spy thriller differing from all previous novels in one very important aspect: author Val Pattee was one of the Western world's top spy masters -- chief of intelligence and security for NATO. Pattee infuses the action with a realism of people and places only an insider could deliver. As NATO's spy master, Major General Pattee had access to the most secret intelligence of sixteen member nations, and also met with the GRU (Russian Military Intelligence) in Moscow and with the Peoples Liberation Army in Beijing. Advance reviews for The Onion Files are enthusiastic. Here are three snippets: ... a fast paced thriller about the next major terrorist attack. The author's background makes his descriptions of events all the more credible. -- Lewis W. MacKenzie, Major-General (retd). ... a page turner. The Onion Files has an intricate, compelling and credible plot. One wonders how close to the brink we really are. -- Gordon Smith, former Canadian Deputy Foreign Minister. ... General Pattee utilizes his vast experience and wide-ranging international intelligence contacts to provide a riveting, imaginative, easy-to-read story line. [The Onion Files] provides a very accurate tutorial ... I strongly recommend that intelligence and homeland security personnel at all levels read this fascinating novel. -- Lt. Gen. Leonard Perroots (retd), former director, US Defense Intelligence Agency More about the author and his debut novel at [www.valpattee.com](http://www.valpattee.com) Also available in trade paperback at ISBN 9781897435052.

stencils or patterns are ever used. Every birdhouse is treated with several coats of high quality exterior varnish for protection from the elements and to ensure colors will stay bright throughout the seasons. Birds love gourds for nesting and will often return to the same one year after year. When nesting season ends, the gourd's usefulness doesn't end. Birds will continue to use them as shelter from weather and for protection from predators. If you don't see what you want, please contact me for a custom made gourd creation or inquire about other types of artwork...anything from pet portraits to painted milkcans! Enjoy your visit!
