

Challenging and Defending Local Authority Child Care Decisions: A Practical Guide

This book is a practical guide for child care lawyers seeking to understand the legal framework, methods, and procedures involved in making or resisting challenges to local authority decisions in the UK. The changing public and policy context, as well as the development of the Administrative Court outside London, mean that this is a rapidly developing area of law for family lawyers. In particular, the proposal of the Family Justice Review for the decreasing role of the UK's family courts in scrutinizing local authority care plans is likely to result in an increase in challenges to local authorities via internal complaints procedures, the Local Authority Ombudsman, and the Administrative Court.

Birds love gourds for nesting and will often return to the same one year after year. When nesting season ends, the gourd's usefulness doesn't end. Birds will continue to use them as shelter from weather and for protection from predators.
