

Paying Respects to the Sopranos: A Psychosocial Analysis

This work provides a detailed account of lead character Tony Sopranos psychological journey through all episodes of all six seasons of the popular HBO show The Sopranos. Through a window of psychological interpretation and social analysis, the author examines creator David Chases unique interweaving of modern family dynamics, organized crime, American society, and mental health. Early chapters focus on Tonys influential early life experiences and the mental stress that affects him as a result of violent criminal activity and fluctuating relationships with his wife and children. Later chapters focus on internal conflicts and behavioral symptoms and the critical role of Tonys psychiatric therapy sessions. The books final chapters explore the Soprano family as a unified whole.

No stencils or patterns are ever used. Every birdhouse is treated with several coats of high quality exterior varnish for protection from the elements and to ensure colors will stay bright throughout the seasons. Birds love gourds for nesting and will often return to the same one year after year. When nesting season ends, the gourd's usefulness doesn't end. Birds will continue to use them as shelter from weather and for protection from predators. If you don't see what you want, please contact me for a custom made gourd creation or inquire about other types of artwork...anything from pet portraits to painted milkcans! Enjoy your visit!
