

Harry Potter For Nerds: Essays for Fans, Academics, and Lit Geeks

Harry Potter for Nerds is a collection of the most exciting ideas from twelve Hogwarts Professors about the worlds best selling books. Travis Prinzi, author of Harry Potter and Imagination and webmaster at The Hogs Head, has tapped his Potter Pundit friends in Fandom and at better universities around the country for their insights about the literary magic of the seven novels, from their ring composition to the symbolism of the planets, from the Dante, Spencer, and MacDonald echoes to exploration of the meanings of magic and technology. Profound and far-reaching as these ideas are, the essays are all written in accessible style and tone. Serious readers of Harry Potter will delight in the conversation each chapter offers with another lover of the Hogwarts Saga and its greater depths.

No stencils or patterns are ever used. Every birdhouse is treated with several coats of high quality exterior varnish for protection from the elements and to ensure colors will stay bright throughout the seasons. Birds love gourds for nesting and will often return to the same one year after year. When nesting season ends, the gourd's usefulness doesn't end. Birds will continue to use them as shelter from weather and for protection from predators.
