

World Trade Law: Text, Materials and Commentary

This newly updated version of one of the leading textbooks on world trade law offers what is in a number of ways a unique perspective on this important subject. Combining the best aspects of both casebook and treatise, this comprehensive textbook provides both detailed explanations and analysis of the law to help understand the issues as well as case extracts to offer a flavour of the judicial reasoning of trade adjudicators. Moreover, the book is truly global in outlook, being equally useful for students of international trade law in the UK, Europe, the US, Asia and elsewhere in the world. This updated edition includes in-depth discussions of the most recent developments in international trade jurisprudence, setting out important precedents that help establish the boundaries between global trade rules and domestic national autonomy. The implications of these rulings will be of great interest to traders, investors, government negotiators and even critics of globalisation.

No stencils or patterns are ever used. Every birdhouse is treated with several coats of high quality exterior varnish for protection from the elements and to ensure colors will stay bright throughout the seasons. Birds love gourds for nesting and will often return to the same one year after year. When nesting season ends, the gourd's usefulness doesn't end. Birds will continue to use them as shelter from weather and for protection from predators.
