

Brussels I Regulation (European Commentaries on Private International Law)

This title, part of the new European Commentaries on Private International Law series, is devoted to the Brussels I Regulation, dealing with jurisdiction and recognition of judgments in civil and commercial law matters. Contributors in the series include leading experts from almost all EU member states. The series initiates a new specific European style of commenting on European enactments merging the various, and thus far cross-national, methods of interpretation of legislative acts. Commentaries will pay tribute to the practice of the European Court of Justice and to relevant judgments of national courts as well. Moreover, the needs of practitioners and the requirements of the practice will receive particular attention.

No stencils or patterns are ever used. Every birdhouse is treated with several coats of high quality exterior varnish for protection from the elements and to ensure colors will stay bright throughout the seasons. Birds love gourds for nesting and will often return to the same one year after year. When nesting season ends, the gourd's usefulness doesn't end. Birds will continue to use them as shelter from weather and for protection from predators.
