TV Nation champions issues from the heavyweight to the irksome. Michael Moore has many hysterical things to say about deserving targets of all political persuasions from the anaemic left to the giddy right.

Every gourd creation is original, handcrafted, signed and dated. No stencils or patterns are ever used. Every birdhouse is treated with several coats of high quality exterior varnish for protection from the elements and to ensure color will stay bright throughout the seasons. Birds love gourds for nesting and will often return to the same one year after year. When nesting season ends, the gourd's usefulness doesn't end. Birds will continue to use them as shelter from weather and for protection from predators.
