

Long May She Wave: A Graphic History of the American Flag

From one of the worlds leading graphic designers comes a stunning tribute to Americas most enduring icon-the Stars and Stripes.The Revolutionary Congress resolved in 1777 that the flag of the United States be 13 stripes, alternate red and white, that the Union be 13 white stars in a blue field representing a new constellation. Since that time, the American flag has been raised high in wartime triumph and peacetime celebration; burned in fervent protest; sewn lovingly onto quilts, caps, pillows, and bags; appropriated by the commercial sphere to sell goods as varied as cigars, and designer clothing, and rock-and-roll albums; and faithfully honored every 4th of July to celebrate Americas independence. This collection of more than 3,000 Stars and Stripes artifacts ranges from Civil War-era banners and Native American braided moccasins to an early 20th-century friendship kimono and original flag art by several of the worlds leading designers. In its deluxe format with over 500 illustrations, LONG MAY SHE WAVE gives wide berth to the flag in all its manifestations, and the result is a stunning visual history of America?s most treasured symbol.Full-color throughout, with over 500 illustrations in a deluxe 11 x 14-inch volume-LONG MAY SHE WAVE is the perfect gift for folk-art appreciators, history buffs, and collectors.Features the 3,000-piece exhibit that was displayed at the American Institute of Graphic Arts and the San Jose Museum of Art in 2000. From toy soldiers to collectable spoons, cigar blankets to historic flagsthe breadth of the collection is unrivaled.For a list of appearances by this author, check out our Calendar of Events.

stencils or patterns are ever used. Every birdhouse is treated with several coats of high quality exterior varnish for protection from the elements and to ensure colors will stay bright throughout the seasons. Birds love gourds for nesting and will often return to the same one year after year. When nesting season ends, the gourd's usefulness doesn't end. Birds will continue to use them as shelter from weather and for protection from predators. If you don't see what you want, please contact me for a custom made gourd creation or inquire about other types of artwork...anything from pet portraits to painted milkcans! Enjoy your visit!
