

The Legal, Professional and Ethical Dimensions of Higher Education

This unique textbook provides the master and doctoral level graduate students in the nurse educator course curriculum, post-doctoral students, and educators with an introduction to basic concepts and principles of the legal, professional and ethical dimensions of education. It discusses trends in the evolution of law, analyzes legal cases, extrapolates legal principles for case law, and discusses the significance of these legal principles for educators.

 stencils or patterns are ever used. Every birdhouse is treated with several coats of high quality exterior varnish
 for protection from the elements and to ensure colors will stay bright throughout the seasons. Birds love gourds for
 nesting and will often return to the same one year after year. When nesting season ends, the gourd's usefulness
 doesn't end. Birds will continue to use them as shelter from weather and for protection from predators.
