

The Healers Touch (Days of Messiah Book 1)

Aaliyahs last chance at winning her husbands love is destroyed when she is banished from her home as an unclean sinner. Her husband has branded her as an adulteress and threatens to kill her if she comes near the town. Struggling to survive amidst the fear, grief and bitterness of living in a leper colony, she would give anything just to see her son again. Is God really punishing her with this disease? When rumors of a Healer from Nazareth reach the colony, Aaliyah wonders if this man could really heal her, or if He would despise her like the rest of her people. It is now that Aaliyah must make the most difficult decision of her life: risk her life to appear in public, or die a leper.
