

Law and the Question of the Animal: A Critical Jurisprudence (Law, Justice and Ecology)

This book addresses the problem of animal life in terms that go beyond the usual extension of liberal rights to animals. The discourse of animal rights is one that increasingly occupies the political, ethical and intellectual terrain of modern society. But, although the question of the status of animals holds an important place within a range of civil, political and technological disciplines, the issue of rights in relation to animals usually just rehearses the familiar perspectives of legal, moral and humanist philosophy. Animal law is fast becoming a topic of significant contemporary interest and discussion. This burgeoning interest has not, however, been matched by renewed inquiry into the jurisprudential frames and methods for the treatment of animals in law, or the philosophical issue of the human and the animal at laws foundation. Responding to this interest, this book brings together leading and emerging critical legal theorists to address the question of animality in relation to laws foundations, practices and traditions of thought. In so doing, it engages a surprisingly underdeveloped aspect of the moral philosophies of animal rights, namely their juridical register and existence. How does animal law alter our juridical image of personality or personhood? How do the technologies of law intersect with the technologies that invent, create and manage animal life? And how might the ethical, ontological and ceremonial relation between humans and animals be linked to a common source or experience of law?

New Products - more Information Shipping & Returns Privacy Notice Conditions of Use Contact Us Site Map Gift Certificate FAQ Discount Coupons Newsletter Unsubscribe All my gourd creations are original, handcrafted, signed and dated. No stencils or patterns are ever used. Every birdhouse is treated with several coats of high quality exterior varnish for protection from the elements and to ensure colors will stay bright throughout the seasons. Birds love gourds for nesting and will often return to the same one year after year. When nesting season ends, the gourd's usefulness

doesn't end. Birds will continue to use them as shelter from weather and for protection from predators. If you don't see what you want, please contact me for a custom made gourd creation or inquire about other types of artwork...anything from pet portraits to painted milkcans! Enjoy your visit!
