

Choice of Venue in International Arbitration

The relative merits of different arbitral venues are conveyed accessibly and practically in this far-reaching survey. With contributions from prestigious practitioners from every major global seat, the book offers comparative analysis of the relative challenges arising at venues around the world. As a reliable tool during the negotiation and drafting stages, it enables a newly tactical consideration of venue, whilst providing instant answers to those in unfamiliar jurisdictions. Offering detailed analysis of a range of key venues, it addresses not only the practical reality but also the history and development in these seats, making the book both an academic and a practical investment.

No stencils or patterns are ever used. Every birdhouse is treated with several coats of high quality exterior varnish for protection from the elements and to ensure colors will stay bright throughout the seasons. Birds love gourds for nesting and will often return to the same one year after year. When nesting season ends, the gourd's usefulness doesn't end. Birds will continue to use them as shelter from weather and for protection from predators.
