

The Practice of Court Interpreting (Benjamins Translation Library)

The Practice of Court Interpreting describes how the interpreter works in the court room and other legal settings. The book discusses what is involved in court interpreting: case preparation, ethics and procedure, the creation and avoidance of error, translation and legal documents, tape transcription and translation, testifying as an expert witness, and continuing education outside the classroom. The purpose of the book is to provide the interpreter with a map of the terrain and to suggest methods that will help insure an accurate result. The author, herself a practicing court interpreter, says: The structure of the book follows the structure of the work as we do it. The book is intended as a basic course book, as background reading for practicing court interpreters and for court officials who deal with interpreters.

No stencils or patterns are ever used. Every birdhouse is treated with several coats of high quality exterior varnish for protection from the elements and to ensure colors will stay bright throughout the seasons. Birds love gourds for nesting and will often return to the same one year after year. When nesting season ends, the gourd's usefulness doesn't end. Birds will continue to use them as shelter from weather and for protection from predators.
