

Civil Litigation (Law Society of Ireland Manuals)

Civil Litigation is designed to provide apprentice solicitors with a comprehensive understanding of the practice and procedure in the most commonly encountered aspects of civil litigation in this jurisdiction. The manual sets out the steps to be taken by a solicitor in an action from the District Court, the Circuit Courts, and the Superior Courts, from initiating or defending the action to enforcing the order and preparing the costs. There are separate chapters on the practice and procedure of each of the courts, limitation of actions, discovery, injunctions, judicial review, civil evidence, litigation costs, client care, and file management. The second edition also includes two new chapters: one on personal injury litigation; and the other on summary procedure and enforcement of judgments. Many of the chapters also feature helpful sample precedents.

No stencils or patterns are ever used. Every birdhouse is treated with several coats of high quality exterior varnish for protection from the elements and to ensure colors will stay bright throughout the seasons. Birds love gourds for nesting and will often return to the same one year after year. When nesting season ends, the gourd's usefulness doesn't end. Birds will continue to use them as shelter from weather and for protection from predators.
