

Entre Dios y los hombres / Between God and men: La Practica Medica Y Cientifica, a Traves Del Cine / Scientific and Medical Practice, Through Film (Spanish Edition)

Los autores recogen en la presente obra un conjunto de películas de indudable singularidad, capaces de ofrecer un muestrario enriquecedor sobre el ejercicio de la profesión médica, con alusión a asuntos especialmente controvertidos como la experimentación con humanos, el aborto, la eutanasia, el tráfico de órganos... no descuidando otros de especial sutileza como la relación médico-paciente o la deshumanización de la práctica médica merced a la incorporación de una creciente tecnología.

Every birdhouse is treated with several coats of high quality exterior varnish for protection from the elements and to ensure colors will stay bright throughout the seasons. Birds love gourds for nesting and will often return to the same one year after year. When nesting season ends, the gourd's usefulness doesn't end. Birds will continue to use them as shelter from weather and for protection from predators.
