

Singapore Arbitration Legislation: Annotated (Lloyds Arbitration Law Library)

This book provides a comprehensive and in depth guide to the regulatory framework in Singapore, the first of its kind for the foremost jurisdiction for international arbitration in the Asia-Pacific geographic zone. It is designed with practitioners in mind and provides terse and specific but detailed and well-informed commentary to each of the sections in the applicable arbitration acts. It sets out and annotates the two legislative acts applicable to arbitration in Singapore, as well as the Singapore International Arbitration Centre Rules. In addition, international documents including the Uncitral Model Law and the New York Convention are included.

No stencils or patterns are ever used. Every birdhouse is treated with several coats of high quality exterior varnish for protection from the elements and to ensure colors will stay bright throughout the seasons. Birds love gourds for nesting and will often return to the same one year after year. When nesting season ends, the gourd's usefulness doesn't end. Birds will continue to use them as shelter from weather and for protection from predators.
