

Tolleys Company Law Handbook 2001-2002

A concise and comprehensive guide to the Companies Acts, supporting legislation and case law, providing a first point of reference for those requiring a clear understanding of the law relating to company administration. The handbook also provides practical details such as lists of up-to-date fees and useful telephone numbers. It covers every aspect of company law using concise and non-technical language and an A-Z format for ease of reference. There have been several important changes in company law during the year 2000 and the 2001-2002 edition has been fully updated to incorporate them. They include a new chapter on limited liability partnerships, and all changes in light of the recommendations of the Steering committee.

Birds love gourds for nesting and will often return to the same one year after year. When nesting season ends, the gourd's usefulness doesn't end. Birds will continue to use them as shelter from weather and for protection from predators.
