

Ripples in Oppermans Pond

Identical twins Dorian and Daniel Sloane grow up inseparable, sharing the same tubes of toothpaste as children and their lives as adults. Loyalty proven many times, they have been saving each other since the day Dorian rescued Daniel from drowning in Oppermans Pond. Now, with Dorian as head of a multinational pharmaceutical company and Daniel as an innovative cardiologist volunteering in Africa, the brothers come together once again. A devastating midair collision on the basketball court during a Celtics/Pacers game sets falling dominoes in motion. After NBA legend Randy Jackson sustains a career-changing ankle injury, Daniel and Dorian partner together to try and heal him. A brilliant chemist has created a miracle arthritis drug that they hope will cure the star and also save Dorians pharmaceutical company teetering on the verge of bankruptcy. Celebrations ensue when the Pacers star returns to full glory-and then tragedy suddenly strikes during a casual pickup game, threatening to destroy Daniels career as he faces a devastating malpractice suit, the possible loss of his medical license, and even a voodoo curse by the athletes widow. In this high-stakes thriller set in the world of big-money medicine, a chain of unanticipated events culminates in a life-or-death decision two brothers never thought they would have to make.

No stencils or patterns are ever used. Every birdhouse is treated with several coats of high quality exterior varnish for protection from the elements and to ensure colors will stay bright throughout the seasons. Birds love gourds for nesting and will often return to the same one year after year. When nesting season ends, the gourd's usefulness doesn't end. Birds will continue to use them as shelter from weather and for protection from predators.
