

The Ethics of Deference: Learning from Laws Morals (Cambridge Studies in Philosophy and Law)

Do citizens have an obligation to obey the law? This book differs from standard approaches by shifting from the language of obedience (orders) to that of deference (normative judgments). Though the focus is on political obligation, Philip Soper approaches that issue indirectly by developing a more general account of when deference is due to the views of others. The book defends a more general theory of ethics; one whose scope extends beyond the question of political obligation to questions of duty in the case of law, promises, fair play and friendship.

No stencils or patterns are ever used. Every birdhouse is treated with several coats of high quality exterior varnish for protection from the elements and to ensure colors will stay bright throughout the seasons. Birds love gourds for nesting and will often return to the same one year after year. When nesting season ends, the gourd's usefulness doesn't end. Birds will continue to use them as shelter from weather and for protection from predators.
