

The Spivak Reader: Selected Works of Gayatri Chakravorty Spivak

Among the foremost feminist critics to have emerged to international eminence over the last fifteen years, Gayatri Chakravorty Spivak has relentlessly challenged the high ground of established theoretical discourse in literary and cultural studies. Although her rigorous reading of various authors has often rendered her work difficult terrain for those unfamiliar with poststructuralism, this collection makes significant strides in explicating Spivak's complicated theories of reading.

No stencils or patterns are ever used. Every birdhouse is treated with several coats of high quality exterior varnish for protection from the elements and to ensure colors will stay bright throughout the seasons. Birds love gourds for nesting and will often return to the same one year after year. When nesting season ends, the gourd's usefulness doesn't end. Birds will continue to use them as shelter from weather and for protection from predators.
