

McCoubrey & Whites Textbook on Jurisprudence

This textbook provides an introduction to and analysis of the major theories and controversies of jurisprudence. Starting with an overview of the nature of jurisprudence, the author then moves on to examine the content, main protagonists, implications, and problems of the major theories in more detail. In doing so, many of the complexities of jurisprudence are broken down to reveal the fascinating philosophical and academic debates that surround this subject. The admirably clear writing style enables students to gain an appreciation of the many facets of this wide-ranging subject, while the new two-color page layout enhances the user-friendly structure, to allow for easy navigation throughout the text. This is an ideal text for students studying jurisprudence for the first time.

 stencils or patterns are ever used. Every birdhouse is treated with several coats of high quality exterior varnish
 for protection from the elements and to ensure colors will stay bright throughout the seasons. Birds love gourds for
 nesting and will often return to the same one year after year. When nesting season ends, the gourd's usefulness
 doesn't end. Birds will continue to use them as shelter from weather and for protection from predators.
 If you don't see what you want, please contact me for a custom made gourd creation or inquire about other types
 of artwork...anything from pet portraits to painted milkcans! Enjoy your visit! New Products For July Pair of
