

Mensa Visual Puzzles

Pit your wits against the egg-heads at Mensa who have devised this extraordinary collection of visual conundrums. The solutions are given at the back of the book for those who are driving themselves crazy not being able to decipher the answers.

No stencils or patterns are ever used. Every birdhouse is treated with several coats of high quality exterior varnish for protection from the elements and to ensure colors will stay bright throughout the seasons. Birds love gourds for nesting and will often return to the same one year after year. When nesting season ends, the gourd's usefulness doesn't end. Birds will continue to use them as shelter from weather and for protection from predators.
