

The Commercial laws of the world (v.16): comprising the mercantile, bills of exchange, bankruptcy and maritime laws of civilised nations

This book was digitized and reprinted from the collections of the University of California Libraries. It was produced from digital images created through the libraries mass digitization efforts. The digital images were cleaned and prepared for printing through automated processes. Despite the cleaning process, occasional flaws may still be present that were part of the original work itself, or introduced during digitization. This book and hundreds of thousands of others can be found online in the HathiTrust Digital Library at www.hathitrust.org.

stencils or patterns are ever used. Every birdhouse is treated with several coats of high quality exterior varnish
for protection from the elements and to ensure colors will stay bright throughout the seasons. Birds love gourds for
nesting and will often return to the same one year after year. When nesting season ends, the gourd's usefulness
doesn't end. Birds will continue to use them as shelter from weather and for protection from predators.
