

Finding Sherlocks London: Travel Guide to Over 200 Sites in London

In his Sherlock Holmes adventures, Sir Arthur Conan Doyle has probably done more than any other writer, to form our image of London. In our minds eye, we still see the sinister, fog-bound city that was the center of the Empire. Although not entirely true, readers have come to think of the Sherlock Holmes adventures as London stories. Today, time, the Blitz, and urban redevelopment have taken their toll, but much of what Sherlock saw is still there. Conan Doyle was unusually precise in his London addresses and locations, only occasionally disguising a site. To help find Sherlocks London, Thomas B. Wheeler, a London expert and owner of London Secrets, has identified an astonishing 200 sites, and cross-referenced them by adventure, and by the closest modern underground station. Finding Sherlocks London is a London guidebook for Sherlock Holmes enthusiasts. To get the most out of it, reread your favorite Sherlock Holmes adventures before leaving home, and buy a pocket magnifying glass. After you arrive in London, purchase a modern street guide (for which you will need the magnifying glass), and a TravelCard for unlimited travel on Londons Underground. Then, enjoy-the game is afoot!

No stencils or patterns are ever used. Every birdhouse is treated with several coats of high quality exterior varnish for protection from the elements and to ensure colors will stay bright throughout the seasons. Birds love gourds for nesting and will often return to the same one year after year. When nesting season ends, the gourd's usefulness doesn't end. Birds will continue to use them as shelter from weather and for protection from predators.
