THE MISTRIAL OF THE CENTURY An intimate insight into injustice at its brutal worst Rare and unique exchanges of correspondence between a convicted/accused person and his legal team--has this sort of intimacy ever been made available before, for public consumption? The A Z of an unfair trial (page 80)A report prepared by the former head of SAs FBI (page 23: this is rarely seen by the reading public)Jeff Levenstein---The charges against me incorporate no notion of self enrichment yet I was arrested by an army of Scorpions suitably equipped with sub machine guns, hand guns, knives, balaclavas, and bullet proof vests. The entire press and TV community were gathered outside my house.Judge Willem Heath (former head of SAs FBI) from the Kindle Regal Book, Regal A Bank Ambushed The book is brave, well written, and brilliant---it will torpedo the prosecution.Jeff, you are only guilty of having been ahead of your time.Your arrest and charges is one of the worst cases of injustice I have encountered; either as a Judge, Advocate or Attorney.There is no need to transition the content into chapter format. The reader is guided to read sequentially, or simply surf the content for specific areas of interestThe quintessential story line, and brutal theme of the trial can be gleaned and extracted from the authors correspondence to his legal team. The passion and pain engineered into this communication process is persuasively evident. A detailed understanding of the charges are not a prerequisite for embracing the injustice dynamics woven into the fabric of the trial. All the information contained in the book, was conveyed and dispatched by email to Mike Werner, Attorney, and Advocate Barry Roux SC (Silk). Content also includes an official report (page 23) by Judge Willem Heath, a former head of South Africas FBI, to the SA Public

Protector. The briefs prepared by the accused tell the story. The information will amaze and shock you. All such information was copied and pasted from individual emails. Rare and unique exchanges of correspondence between a convicted/accused person and his legal team---has this sort of intimacy ever been made available before, for public consumption? The A Z of an unfair trial (page 80)Strydom was the E&Y partner in charge of the Regal Audit. My emails to the legal team should be used as the platform for measuring the psyche of an accused in the context of my circumstances. For this reason the word processing, spelling style and font of this correspondence has been left completely untouched to electrify authenticity. I simply pasted such data into this book, and made no font or justify adjustments at all. In moments of impassioned zeal I use enlarged and bolded capitals to push and concretize my technical and evidential themes. This was done in a desperate effort to engrave my data into the minds of the legal team. Sometimes, from a slightly different perspective, and motivated by evolving legal needs at a particular juncture, I repeat my technical input to the legal team. This provides the basis for the reader to further assess and measure accused psychology and my mind profile. This pattern must be appraised and absorbed to fully understand the emotions inherent in legal and trial warfare. Repetition is accordingly an important facet of the book. My appeal unfolded in the Supreme Court before 5 Judges on 15 August 2013. I am waiting for the outcome.
