stencils or patterns are ever used. Every birdhouse is treated with several coats of high quality exterior varnish  
for protection from the elements and to ensure colors will stay bright throughout the seasons. Birds love gourds for  
nesting and will often return to the same one year after year. When nesting season ends, the gourd's usefulness  
doesn't end. Birds will continue to use them as shelter from weather and for protection from predators.  
If you don't see what you want, please contact me for a custom made gourd creation or inquire about other types  
of artwork...anything from pet portraits to painted milkcans! Enjoy your visit! New Products For July
