

Patient 12

Patient 12 is set in an office in a Melbourne military hospital, in the years immediately following World War. The play examines a neglected period of Australia's history through the prism of the kith and kin of those who went to war and either failed to return, or came back physically and/or emotionally scarred.

No stencils or patterns are ever used. Every birdhouse is treated with several coats of high quality exterior varnish for protection from the elements and to ensure colors will stay bright throughout the seasons. Birds love gourds for nesting and will often return to the same one year after year. When nesting season ends, the gourd's usefulness doesn't end. Birds will continue to use them as shelter from weather and for protection from predators.
