

Killers Island (The Maria Wern Series)

The White Sea-Lady myth is said to be as old as the ancient Swedish island Gotland has been inhabited. It tells the story of a young bride who drowned on her wedding night and returns as a ghost to lure men into the watery depths. This legend resurfaces when a nurse is found murdered in a wedding dress. Detective Inspector Maria Wern investigates, but it becomes clear that the police are also under observation by a seemingly pervasive killer.

No stencils or patterns are ever used. Every birdhouse is treated with several coats of high quality exterior varnish for protection from the elements and to ensure colors will stay bright throughout the seasons. Birds love gourds for nesting and will often return to the same one year after year. When nesting season ends, the gourd's usefulness doesn't end. Birds will continue to use them as shelter from weather and for protection from predators.
