

Images in Black: 150 Years of Black Collectibles

From the years of slavery through the years of civil rights, images of black people have taken many forms from formal studio photos and advertising images to folk art and household items. Hundreds of items are gathered here illustrated in color photos.

No stencils or patterns are ever used. Every birdhouse is treated with several coats of high quality exterior varnish for protection from the elements and to ensure colors will stay bright throughout the seasons. Birds love gourds for nesting and will often return to the same one year after year. When nesting season ends, the gourd's usefulness doesn't end. Birds will continue to use them as shelter from weather and for protection from predators. If you don't see what you want, please contact me for a custom made gourd creation or inquire about other types of artwork...anything from pet portraits to painted milkcans! Enjoy your visit!
