

# War, Justice, and Public Order: England and France in the Later Middle Ages

Ranging broadly between the years 1000 and 1400, Richard Kaeuper assesses the impact of war and lawmaking on the evolution of the royal governments of England and France. From the economic and political costs of war and the development of royal justice, to the crowns attempts to control private violence and the relationship between public opinion and government action, his book provides thorough coverage of issues of central importance in late medieval history.

 stencils or patterns are ever used. Every birdhouse is treated with several coats of high quality exterior varnish  
 for protection from the elements and to ensure colors will stay bright throughout the seasons. Birds love gourds for  
 nesting and will often return to the same one year after year. When nesting season ends, the gourd's usefulness  
 doesn't end. Birds will continue to use them as shelter from weather and for protection from predators.
