

Secured Transactions and Payment Systems: Problems and Answers (Little, Brown Examples and Explanations Series)

The Problems & Answers format is especially effective for teaching students how to read and interpret the Uniform Commercial Code. In addition to that unique advantage, this is one of the very few UCC ancillary texts completely up to date on Article 9 revisions. Secured Transactions and Payment Systems: Problems and Answers also benefits from the expanded author team, representing an exceptionally strong collaboration of scholarly expertise. The most effective study guide in this field, with proven features including: a highly effective Problems & Answers format that works exceptionally well for students learning to read and interpret the Uniform Commercial Code a thoroughly proven pedagogical structure that uses brief, interesting problems that build in difficulty across sections, followed by detailed, clearly explained answers flexible content and organization that supports different course configurations and texts on commercial law, payment systems, or secured transactions The Second Edition contains: extensively revised coverage, making this by far the most complete, current, and accurate study aid problem sets focusing on developments in commercial law and the latest revisions in UCC Articles 1,3,4,5,7,and 9 an expanded team of distinguished authors that combines different areas of academic and professional expertise in a truly authoritative collaboration.

No stencils or patterns are ever used. Every birdhouse is treated with several coats of high quality exterior varnish for protection from the elements and to ensure colors will stay bright throughout the seasons. Birds love gourds for nesting and will often return to the same one year after year. When nesting season ends, the gourd's usefulness doesn't end. Birds will continue to use them as shelter from weather and for protection from predators.
