

Double Blind

Working the graveyard shift at a Baltimore hospital, Dr. Robert Snow is shocked by a bizarre trend among the patients brought in by the police in the wee hours of the night--they all seem psychotic, and all are infected by the HIV virus.

 stencils or patterns are ever used. Every birdhouse is treated with several coats of high quality exterior varnish
 for protection from the elements and to ensure colors will stay bright throughout the seasons. Birds love gourds for
 nesting and will often return to the same one year after year. When nesting season ends, the gourd's usefulness
 doesn't end. Birds will continue to use them as shelter from weather and for protection from predators.
