

Cases and Materials on Arbitration Law and Practice, 6th (American Casebooks) (American Casebook Series)

The sixth edition of this popular casebook has fully integrated the Supreme Courts latest decisions---Stolt-Nielsen, Rent-A-Center, AT&T Mobility, and Granite Rock---into the coverage. The new organization is more cohesive and better defines the issues of central importance to the area than the previous edition. The book also includes a new epilogue that contains materials on drafting arbitration agreements that can serve as a basis for a class workshop on drafting these agreements. The books organization and approach reflect a continued and intense process of assessment of the field. It is completely up to date and gauges the work of the Supreme Court in the area.

No stencils or patterns are ever used. Every birdhouse is treated with several coats of high quality exterior varnish for protection from the elements and to ensure colors will stay bright throughout the seasons. Birds love gourds for nesting and will often return to the same one year after year. When nesting season ends, the gourd's usefulness doesn't end. Birds will continue to use them as shelter from weather and for protection from predators.
