

Understanding lawyers ethics (Legal text series)

This Understanding treatise presents a systematic position on lawyers ethics. The authors argue that lawyers ethics is rooted in the Bill of Rights and in the autonomy and the dignity of the individual. This traditionalist, client-centered view of the lawyers role in an adversary system corresponds to the ethical standards that are held by a large proportion of the practicing bar. From this perspective, the authors of Understanding Lawyers Ethics analyze the fundamental issues of lawyers ethics, and particularly the ABAs Model Rules and Model Code. Even if students do not share the authors viewpoint, they can benefit from this presentation because it challenges them to appreciate the underlying reasons for the position presented. This treatise is designed to facilitate a real understanding of legal rules as distinguished from a superficial familiarity with them by challenging the reader to test their understanding of the legal rules against the readers own moral standards and reasoned judgment. The Fourth Edition includes:- A new section on Law vs. Justice, in addition to the section on Moral Values and Ethical Choices - The debate between Mike Tigar and Freedman on morality in lawyering. - A new chapter on Lawyers Ethics in a Time of Crisis- A chapter on Judicial Ethics, with analysis of Caperton v. Massey Coal Co. and White v. Republican Party of Minnesota, as well as critical commentary on the failure of several Supreme Court justices to recuse themselves when required by the Constitution and by statute to do so - A concise but comprehensive chapter on Prosecutors Ethics- A demonstration that the corporate-fraud report up and report out provisions have been deliberately drafted to defeat their purported purpose - Harmonization of Primus and Ohralik, showing that even in-person solicitation of clients is entitled to a level of First Amendment protection - An on-line debate

among Steve Gillers, three practicing lawyers, and Freedman about professionalism, and whether a lawyer should take advantage of an adversary's mistake - A candid chapter on Counseling Clients, Coaching Witnesses, and Cross-Examining to Discredit the Truth

No stencils or patterns are ever used. Every birdhouse is treated with several coats of high quality exterior varnish for protection from the elements and to ensure colors will stay bright throughout the seasons. Birds love gourds for nesting and will often return to the same one year after year. When nesting season ends, the gourd's usefulness doesn't end. Birds will continue to use them as shelter from weather and for protection from predators. If you don't see what you want, please contact me for a custom made gourd creation or inquire about other types of artwork...anything from pet portraits to painted milkcans! Enjoy your visit!
