

In Justice, InAccord

In Justice inAccord speaks to the need for people to find fairness and dignity in their search for justice. Whether within couples, companies, or countries, there are inevitable conflicts. Mediation is presented as an alternative to costly, time-consuming litigation. The inAccord model allows disputants to identify the emotions that naturally accompany conflict. Parties are empowered through Touchstone Skills that facilitate dialogue leading to conflict resolution. Research surveys provide evidence for the efficacy of the model.

 stencils or patterns are ever used. Every birdhouse is treated with several coats of high quality exterior varnish
 for protection from the elements and to ensure colors will stay bright throughout the seasons. Birds love gourds for
 nesting and will often return to the same one year after year. When nesting season ends, the gourd's usefulness
 doesn't end. Birds will continue to use them as shelter from weather and for protection from predators.
