

# Battlestar Galactica: The Official Companion Season Two

The new, re-imagined Battlestar Galactica has quickly established itself as one of the most acclaimed series on any network, and was recently voted TV Show of the Year by Time magazine. With its classy ensemble cast, including Edward James Olmos and Mary McDonnell, its cutting edge special effects, superb production design and gritty, adult-oriented scripts, the new Battlestar Galactica is being hailed as both a worthy successor to a classic original, and a stunning piece of television in its own right. This second official companion is packed once again with exclusive interviews, photos, behind-the-scenes secrets, and a complete season two episode guide.

No stencils or patterns are ever used. Every birdhouse is treated with several coats of high quality exterior varnish for protection from the elements and to ensure colors will stay bright throughout the seasons. Birds love gourds for nesting and will often return to the same one year after year. When nesting season ends, the gourd's usefulness doesn't end. Birds will continue to use them as shelter from weather and for protection from predators.
