

Air War Over Kosovo: Operational and Logistical Issues of the Air Campaign (Military History (Writers Club))

The Air War over Kosovo opens with an exploration of the ethnic conflict in the Balkans. From this foundation, the book examines the weapons systems that were utilized. The author scrutinize the missiles employed, review the diverse bomber systems used, and highlight the nuances of the air lift operations. Additionally, the author explores the tactics and strategies that the American military administration designed and implemented over the Balkans. The author studied specific missions and scrutinize the memories and experiences of Lt. General Michael Short, General Charles Horner and General Wesley K. Clark to proffer an overview of the scope of this air-directed campaign.

No stencils or patterns are ever used. Every birdhouse is treated with several coats of high quality exterior varnish for protection from the elements and to ensure colors will stay bright throughout the seasons. Birds love gourds for nesting and will often return to the same one year after year. When nesting season ends, the gourd's usefulness doesn't end. Birds will continue to use them as shelter from weather and for protection from predators.
