

Clarkson & Hills Conflict of Laws

The fifth edition of Clarkson & Hills Conflict of Laws provides a clear and up-to-date account of the private international law topics covered at undergraduate level. Theoretical issues and fundamental principles are introduced in the first chapter and expanded upon in later chapters. Basic principles of the conflict of laws are presented in an approachable style, offering clarity on complex points and terminology without over-simplification. The fifth edition reflects the fields changing focus from case law to domestic and European legislation, incorporating the Brussels I Regulation and Brussels II Revised Regulation, as well as the more recent Rome Regulations and Brussels I Recast. Embracing this reorientation of the field and increased emphasis on the recognition and enforcement of judgments, the authors provide detailed commentary on the most important commercial topics as well as the most relevant topics in family law. Written in a succinct and engaging style, Clarkson & Hills Conflict of Laws continues to provide clear analysis of the key areas of debate across jurisdictions.
