

OLE FREEDOM

When a fifteen-year-old African American boy goes fishing on the banks of the Mississippi river in 1877, his plan is to help feed his church congregation. Instead, he is accused of murder and becomes the object of a manhunt no one doubted would end in an unceremonious lynching. After hiding in the bowels of a riverboat, then proving to the captain he could read, the boy finds himself facing a desperate life in central Montana on the upper reaches of the Missouri river. Based on a true story, the historical novel *Ole Freedom* chronicles this young man's fascinating life as he stumbles across a kindly benefactor, then pursues a life as a farmer, a mule skinner and, finally, a soldier who plays a key role in the evolution of American mechanized military tactics only to find himself dishonorably discharged solely because of his color. *Ole Freedom* is also a tale of unrequited love, courage, faith and values that hold fast despite an era of primitive racial attitudes, behaviors and beliefs.

No stencils or patterns are ever used. Every birdhouse is treated with several coats of high quality exterior varnish for protection from the elements and to ensure colors will stay bright throughout the seasons. Birds love gourds for nesting and will often return to the same one year after year. When nesting season ends, the gourd's usefulness doesn't end. Birds will continue to use them as shelter from weather and for protection from predators.
