

# The Science of Persuasion: A Litigators Guide to Juror Decision-Making

The ability to persuade comes naturally to some people and is completely foreign to others. This new second edition, is your thorough guide to the way jurors make decisions, and how you can use that knowledge to convince them that your story of a case is the correct version. This book was written for law students, experienced litigators, and everyone in between who needs to understand the most effective ways to convince a jury.

 nesting and will often return to the same one year after year. When nesting season ends, the gourd's usefulness  
 doesn't end. Birds will continue to use them as shelter from weather and for protection from predators.
