

Research Handbook on Crisis Management in the Banking Sector (Research Handbooks in Financial Law series)

This volume is the definitive work on banking sector crisis management. It covers all recent legislative developments and it provides cognate analysis by leading experts on matters covering the whole spectrum of bank crisis management, ranging from early intervention and provision of emergency liquidity assistance by the central bank to group resolution and the workings of the Single Resolution Mechanism. Additionally, country reports of all major jurisdictions such as Australia, the US, UK, Germany, Japan and China provide comprehensive overviews of the current state. It will prove an invaluable companion to all those seeking to demystify this most complex area of legal and regulatory practice.- Emiliós Avgouleas, University of Edinburgh, UK

In this timely Handbook, over 30 prominent academics, practitioners and regulators from across the globe provide in-depth insights into an area of law that the recent global financial crisis has placed in the spotlight: bank insolvency law. Research Handbook on Crisis Management in the Banking Sector discusses the rules that govern a bank insolvency from the perspectives of the various parties that are affected by these rules. Thus, whilst many bank insolvency rules have been enacted only recently and their application is still clouded by a host of uncertainties, this book takes the perspectives of the relevant authorities, of the bank and of the banks counterparties. Providing a comprehensive approach to crisis management in the banking sector, this Handbook will prove a valuable resource for academics, postgraduate students, practitioners and international policymakers. Contributors include: J. Adriaanse, D. Bernstein, V. Borger, A. Bornemann, W. Bosma, A. Campbell, A. Carr, B. Clarke, P. Davies, T. Dijkhuizen, P. Durban, J. Gabilondo, F. Garcimartin, M. Haentjens, T. Hayashi, T.F. Huertas, B.P.M. Joosen, S. Kaltsouni,

No stencils or patterns are ever used. Every birdhouse is treated with several coats of high quality exterior varnish for protection from the elements and to ensure colors will stay bright throughout the seasons. Birds love gourds for nesting and will often return to the same one year after year. When nesting season ends, the gourd's usefulness doesn't end. Birds will continue to use them as shelter from weather and for protection from predators. If you don't see what you want, please contact me for a custom made gourd creation or inquire about other types of artwork...anything from pet portraits to painted milkcans! Enjoy your visit!
