

Chasing the Dime

The phone messages waiting for Henry Pierce clearly aren't for him: Where is Lilly? This is her number. It's on the site. Pierce has just moved into a new apartment, and he's been chasing the dime--doing all it takes so his company comes out first with a scientific breakthrough worth millions. But he can't get the messages for Lilly out of his head. As Pierce tries to help a woman he has never met, he steps into a world of escorts, websites, sex, and secret passions. A world where his success and expertise mean nothing...and where he becomes the chief suspect in a murder case, trapped in the fight of his life.

No stencils or patterns are ever used. Every birdhouse is treated with several coats of high quality exterior varnish for protection from the elements and to ensure colors will stay bright throughout the seasons. Birds love gourds for nesting and will often return to the same one year after year. When nesting season ends, the gourd's usefulness doesn't end. Birds will continue to use them as shelter from weather and for protection from predators.
